Matt Devenish
Esperance Cleanup Recovery Project
P O Box 2495
ESPERANCE. W.A. 6450

Dear Matt,

I wish to offer my praise and support to Perth Roofing Company for their professionalism recently.

On the 18th and 19th January 2011 and again on the 19th February 2011 the Esperance Police Station had works carried out by Perth Roofing Company.

The works undertaken consisted of roof space and internal/external cleaning. The supervisors liaised with Police personnel in a professional and courteous manner at all times whilst the cleaning teams conducted their business without any disruption to the station.

At certain times there were prisoners contained in our lockup requiring the cleaning teams to leave the area which they complied with allowing us to deal with the prisoners without causing any disruption to our protocols and procedures.

The Police Station was cleaned to a high standard which was appreciated by all Police personnel.

Thank you for your efforts in resolving the current issues regarding the lead in Esperance.

Yours faithfully,

DUNCAN SWADKINS 12497
A/SENIOR SERGEANT
