**RE: ROOF WORKS AND PARTNERING WITH PRC ON THE
KALAMUNDA S.H.S. FOR BMW**

We have used PRC over a number of years on various more complex roof projects. The more recent works was the Kalamunda S.H.S gymnasium roof.

This project ran smoothly from start to finish the PRC team arranged & liaised with me to ensure our works programme ran to schedule. The project ran into start of school after Christmas and with careful management procedures in place we were able to carry out works to completion with minimum disruption to the school.

PRC have good management practices in place to ensure client satisfaction.
